LexisNexis® Risk Research

Picture the perfect customer in high definition.
Find profits faster with insights and analytics to speed fraud and risk research.

Your fraud and risk detection research should be accurate, thorough, efficient and specific to your business. That's exactly what you get with LexisNexis® Risk Research.

LexisNexis Risk Research is a streamlined web portal that gives you consolidated access to the tools you need—cutting-edge technology, advanced analytics and industry leading data—to make stronger, more confident business decisions, faster than ever before.

Pinpoint fraud faster with advanced data and analytics

Submit a search through LexisNexis Risk Research, and obtain instant access to our expansive data, which comprises billions of data records on consumers and businesses gathered across more than 10,000 disparate data sources.

Our proprietary data linking and analysis technology ensures you get the most complete, multifaceted view of your subject by intelligently analyzing billions of records to quickly identify, link and organize new knowledge in seconds.

Efficiently find comprehensive information

Instantly access more relevant, precise information on subjects using industry leading technology and data.

LexisNexis®

Risk Solutions

Verify and authenticate entities

Better understand individuals and businesses using powerful, fast analytics that make unique connections to give you the complete picture—in an instant.

Evaluate and monitor relationships

Make decisions that align with your internal rules and compliance needs using specialized industry- and job-specific tools for due diligence, account management and compliance.

Easily identify complex relationships

With LexisNexis Risk Research, not only do we connect the dots, but we can also paint a picture with LexisNexis® SmartLinx® Visualization Report—an image map of data connections—to make it even easier for you to focus on critical connections between people, businesses and assets.

Stay focused on your job—not your web browser

With the intuitive design and user-friendly features included in LexisNexis Risk Research, you can immediately access the information you need instead of clicking through confusing websites. Our research portal was intentionally built for simplicity and ease of use to promote:

- **Effortless navigation:** Easy tabbed views allow you to immediately click from one search to the next.
- **Streamlined access:** With one web portal and one login/password, you can access expansive depth and breadth of LexisNexis® data.
- **Customized views:** Easily configure views and access by user and/or role, and you can even create a "My Favorites" group for your most commonly used searches.
