## AGREEMENT

The applicant understands that its authority to provide financial or payment services is governed by the charter granted by your chartering agency. The assignment of a routing number to the applicant institution does not expand the powers of that institution as specified in its charter, articles of association or rules and regulations of the chartering agency.

Additionally:

- 1) The applicant affirms that it is a state or federally chartered institution, eligible to maintain an account at a Federal Reserve Bank.
- 2) The applicant agrees to abide by the Routing Number policy of the Routing Number Administrative Board of the ABA.
- 3) The applicant agrees that the assignment or use of an assigned routing number conveys **no rights of ownership to the number**.
- 4) The applicant agrees that an assigned routing number **cannot be transferred to another institution without the permission of the Routing Number Administrative Board**.
- 5) The applicant agrees to give up the Routing Number: should it relinquish its charter or if for any reason the continued retention of the Routing Number no longer meets the eligibility criteria established in the Routing Number Policy of the Routing Number Administrative Board.
- 6) A nominal **licensing** fee will be charged annually for each assigned number. The fee, which is currently **\$98**, provides for the administration expenses required to maintain each number in the Routing Number system, and may be adjusted as expenses warrant.
