

Create clean crash scene diagrams—while cutting costs and improving efficiencies.

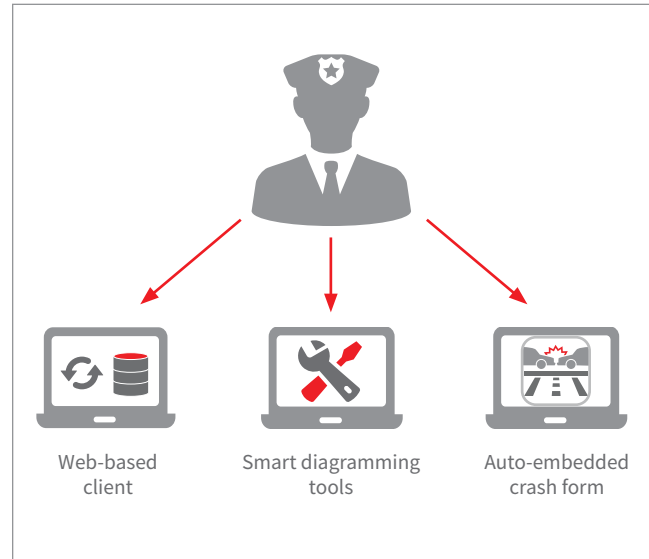

Diagramming crash scenes can be time consuming, labor intensive and inaccurate when officers are hampered by unwieldy tools that waste valuable time. Officers can more quickly create the accurate diagrams vital to effective accident reports with LexisNexis® Crash Designer.

Speed is a factor

- Get up and running in seconds at the scene with the user friendly, web-based client.
- Reduce time diagramming complex intersections with the drag and drop interface and auto-formatted smart tools that connect intersecting road pieces for you.
- Automatically embed the diagram into the crash form with the save feature.

LexisNexis Crash Designer

Officers get speed at the scene with streamlined functionality.

So is efficiency

- Reduce costs when you eliminate paper consumption, paper management and misfiled or lost diagrams.
- Get more value from your LexisNexis eCrash solution when you integrate LexisNexis Crash Designer.
