

Accurint® Al Insights is a feature, exclusive to Accurint® Virtual Crime Center, designed to aid investigators and analysts in quickly identifying crime trend insights based on their jurisdiction's crime data. Utilizing the LexisNexis® Public Safety Data Exchange database of crime incidents, contributed by over 2,100 agencies, Accurint Al Insights can automate the identification of crime trends and provide law enforcement with a proactive way to efficiently review crime data.

What Does Al Insights Do? A Quick View Into Crime Trends

Daily Insights

Agency data is evaluated daily and only generated when statistically significant changes are identified.

Agency Insights

Insights are unique to each agency and only shared with users inside of your specific agency.

Statistically Significant Insights

Significant changes in crime trends are shown based on the data reported by the agency.

Insights Data

All NIBRS Group A crime types for the 30 days prior to current day.

LexisNexis Accurint Virtual Crime Center, LexisNexis Public Safety Data Exchange, and Accurint AI Insights services are not provided by "consumer reporting agencies," as that term is defined in the Fair Credit Reporting Act (15 U.S.C. § 1681, et seq.) ("FCRA") and do not constitute "consumer reports," as that term is defined in the FCRA. Accordingly, LexisNexis Accurint Virtual Crime Center, LexisNexis Public Safety Data Exchange, and Accurint Al Insights services may not be used in whole or in part as a factor in determining eligibility for credit, insurance, employment, or another purpose in connection with which a consumer report may be used under the FCRA. Due to the nature of the origin of public record information, the public records and commercially available data sources used in reports may contain errors. Source data is sometimes reported or entered inaccurately, processed poorly or incorrectly, and is generally not free from defect. These products or services aggregate and report data, as provided by the public records and commercially available data sources, and are not the source of the data, nor are they a comprehensive compilation of the data. Before relying on any data, it should be independently verified. LexisNexis and the Knowledge Burst logo are registered trademarks of RELX Inc.
