

Accelerate House Resolution 1 (H.R. 1) Program Integrity and Eligibility Modernization

The H.R. 1 legislation introduces new standards for identity verification, eligibility accuracy, duplicate detection, and work-requirement compliance across public benefit programs. Agencies should modernize quickly to reduce administrative burden, meet audit expectations, and prevent financial exposure tied to payment error rates.

KEY H.R. 1 DRIVERS IMPACTING SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM & MEDICAID AGENCIES

Stricter verification of identity, residence, income, assets, and deceased status

Expanded work and community engagement requirements with exemptions and hardship rules

Quarterly deceased checks; monthly cross-state identity submissions

Duplicate participation prevention and mandatory address verification

Error-rate accountability tied directly to state cost share (up to 15%)

Increased audit expectations requiring transparency and defensible data

Now is the moment to prepare for H.R. 1 — and you don't have to do it alone.

LexisNexis® Risk Solutions partners with state agencies to assess readiness, identify high-impact modernization opportunities, and build a practical roadmap for meeting H.R. 1's new identity, eligibility, and program integrity requirements.

Let's work together to build your state's H.R. 1 compliance strategy.

Schedule a consultation to explore:

- ✓ Where **H.R. 1 will most affect** your eligibility workflows
- ✓ How **strengthened verification** can reduce staff burden and improper payments
- ✓ What an **end-to-end compliance framework** looks like for SNAP and Medicaid
- ✓ How to **reduce exposure** to new financial penalties and audit risk

We are ready to help your state navigate the new expectations — and lead with confidence.
