Successful Respondent shall not establish a List Price or MSRP for a particular solicitation. For purposes of this Section, "List Price" is the price for a product or service published in Successful Respondent's price catalog (or similar document) before any discounts or price allowances are applied. For purposes of this Section, "MSRP," or manufacturer's suggested retail price, is the price list published by the manufacturer or publisher of a product and available to and recognized by the trade.

The Contract, Appendices, and Exhibits constitute the entire agreement between DIR and Successful Respondent. No statement, promise, condition, understanding, inducement or representation, oral or written, expressed or implied, which is not contained in the Contract, Appendices, or its Exhibits shall be binding or valid.

### 4.2 **Modification of Contract Terms and/or Amendments**

- A. The terms and conditions of the Contract shall govern all transactions by Customers under the Contract. The Contract may only be modified or amended upon mutual written agreement of DIR and Successful Respondent.
- B. DIR may amend the Contract upon thirty (30) calendar days written notice to Successful Respondent without the need for Successful Respondent's written consent: i) as necessary to satisfy a regulatory requirement imposed upon DIR by a governing body with the appropriate authority, or ii) as necessary to satisfy a procedural change due to DIR system upgrades or additions.
- C. Customers shall not have the authority to modify the terms of the Contract; however, additional Customer terms and conditions that do not conflict with the Contract and are acceptable to Successful Respondent may be added in a Purchase Order and given effect. No additional term or condition added in a Purchase Order issued by a Customer can conflict with or diminish a term or condition of the Contract. Pre-printed terms and conditions on any Purchase Order issued by Customer hereunder will have no force and effect. In the event of a conflict between a Customer's Purchase Order and the Contract, the Contract term shall control.
- D. Customer(s) and Successful Respondent will negotiate and enter into written agreements regarding statements of work, service level agreements, remedies, acceptance criteria, information confidentiality and security requirements, and other terms specific to their Purchase Orders under the Contract.

### 4.3 **Invalid Term or Condition**

- A. To the extent any term or condition in the Contract conflicts with the applicable Texas and/or United States law or regulation, such Contract term or condition is void and unenforceable. By executing a Contract which contains the conflicting term or condition, DIR makes no representations or warranties regarding the enforceability of such term or condition and DIR does not waive the applicable Texas and/or United States law or regulation which conflicts with the Contract term or condition.
- B. If one (1) or more term or condition in the Contract, or the application of any term or condition to any party or circumstance, is held invalid, unenforceable, or illegal in any respect by a final judgment or order of the State Office of Administrative Hearings or a court of competent

jurisdiction, the remainder of the Contract and the application of the term or condition to other parties or circumstances shall remain valid and in full force and effect.

#### **4.4 Assignment**

- A. DIR may assign the Contract without prior written approval to: i) a successor in interest (another state agency as designated by the Texas Legislature), or ii) as necessary to satisfy a regulatory requirement imposed upon a party by a governing body with the appropriate authority.
- B. A Customer may assign a Purchase Order issued under the Contract without prior written approval to: i) a successor in interest (another state agency as designated by the Texas Legislature), or ii) as necessary to satisfy a regulatory requirement imposed upon a party by a governing body with the appropriate authority.
- C. Successful Respondent shall not assign its rights under the Contract or delegate the performance of its duties under the Contract without prior written approval from the DIR. Any attempted assignment in violation of this provision is void and without effect.

#### **4.5 Survival**

All applicable Statements of Work that were entered into between Successful Respondent and a Customer under the terms and conditions of the Contract shall survive the expiration or termination of the Contract. All Purchase Orders issued and accepted by Successful Respondent shall survive expiration or termination of the Contract for the term of the Purchase Order, unless the Customer terminates the Purchase Order sooner. However, regardless of the term of the Purchase Order, no Purchase Order shall survive the expiration or termination of the Contract for more than three (3) years. In all instances of termination or expiration and no later than five (5) days after termination or expiration or upon DIR request, Successful Respondent shall provide a list, in accordance with the format requested by DIR (i.e., Excel, Word, etc.), of all surviving Statements of Work and Purchase Orders to the DIR Contract Manager and shall continue to report sales and pay the DIR Administrative Fees for the duration of all such surviving Statements of Work and Purchase Orders. Rights and obligations under the Contract which by their nature should survive, including, but not limited to the DIR Administrative Fee and any and all payment obligations invoiced prior to the termination or expiration hereof, obligations of confidentiality; and indemnification will remain in effect.

#### **4.6 Choice of Law**

The Contract shall be governed by and construed in accordance with the laws of the State of Texas, without regard to the conflicts of law provisions. In any litigation where any state agency is a party, and subject to the requirements of Chapter 2260, Texas Government Code, the exclusive venue of any such suit arising under the Contract is fixed in the state courts of Travis County, Texas. If litigation does not involve any state agency, then venue is fixed in the state courts of the Texas county where the Customer is primarily situated, unless the specific venue is otherwise identified in a statute which directly names or otherwise identifies its applicability to the contracting Agency. Regardless of any provision anywhere in the Contract, no state agency or other Customer in any manner waives any defense or immunity whatsoever.

#### **4.7 Limitation of Authority**

Successful Respondent shall have no authority to act for or on behalf of the Texas Department of Information Resources or the State except as expressly provided for in the Contract; no other authority,

power or use is granted or implied. Successful Respondent may not incur any debts, obligations, expenses, or liabilities of any kind on behalf of the State or DIR.

#### 4.8 Proof of Financial Stability

Either DIR or Customer may require Successful Respondent to provide proof of financial stability prior to or at any time during the Contract term.

#### 4.9 Data Location

A State of Texas Customer can specifically request otherwise; however, Successful Respondent shall notify DIR promptly after such request is made. For all Customers outside the State of Texas' jurisdiction, the question of data location shall be at the discretion of such Customers. **NOTE: CUSTOMERS SHOULD CONSIDER WHETHER THEY REQUIRE CONTIGUOUS US-ONLY DATA LOCATION AND HANDLING AND MAKE SUCCESSFUL RESPONDENT AWARE OF THEIR REQUIREMENTS.**

#### 4.10 Independent Contractor

**SUCCESSFUL RESPONDENT AGREES AND ACKNOWLEDGES THAT DURING THE EXISTENCE OF THE CONTRACT, IT IS FURNISHING SERVICES IN THE CAPACITY OF AN INDEPENDENT CONTRACTOR AND THAT SUCCESSFUL RESPONDENT IS NOT AN EMPLOYEE OF THE CUSTOMER, DIR, OR THE STATE OF TEXAS.**

  - a. by any Successful Respondent personnel or Customer personnel, or
  - b. any Customer personnel who then became personnel to Successful Respondent or any of its affiliates or subcontractors, where, although creation or reduction-to-practice is completed while the person is affiliated with Successful Respondent or its personnel, any portion of same was created, invented or conceived by such person while affiliated with Customer.

#### 5.1.2 "Intellectual Property Rights"

Means the worldwide legal rights or interests, including but not limited to all United States and foreign patents, copyrights, trademarks, service marks, trade secrets, moral rights, author's rights, reversionary rights, and any and all other intellectual property or similar rights, evidenced by or embodied in:

- i) any idea, design, concept, personality right, method, process, technique, apparatus, invention, discovery, or improvement, including any patents, trade secrets, and know-how;
- ii) any work of authorship, including any copyrights, moral rights or neighboring rights;
- iii) any trademark, service mark, trade dress, trade name, or other indicia of source or origin;
- iv) domain name registrations; and
- v) any other proprietary or similar rights. The Intellectual Property Rights of a party include all worldwide legal rights or interests that the party may have acquired by assignment or license with the right to grant sublicenses.

#### 5.1.3 "Third Party IP"

Means the Intellectual Property Rights of any third party that is not a party to the Contract or a Purchase Order or Statement of Work issued under the Contract, and that is not directly or indirectly providing any goods or services to Customer under the Contract or a Purchase Order or Statement of Work issued under the Contract.

#### 5.1.4 "Successful Respondent IP"

Shall mean all tangible or intangible items or things, including the Intellectual Property Rights therein, created or developed by Successful Respondent:

- i) prior to providing any services or Work Product to Customer and prior to receiving any documents, materials, information or funding from or on behalf of Customer relating to the services or Work Product, or

- ii) after the Effective Date if such tangible or intangible items or things were independently developed by Successful Respondent outside Successful Respondent's provision of services or Work Product for Customer hereunder and were not created, prepared, developed, invented or conceived by any Customer personnel who then became personnel to Successful Respondent or any of its affiliates or subcontractors, where, although creation or reduction-to-practice is completed while the person is affiliated with Successful Respondent or its personnel, any portion of same was created, invented or conceived by such person while affiliated with Customer.

## 5.2 Ownership

As between Successful Respondent and Customer, the Work Product and Intellectual Property Rights therein are and shall be owned exclusively by Customer, and not Successful Respondent. Successful Respondent specifically agrees that the Work Product shall be considered "works made for hire" and that the Work Product shall, upon creation, be owned exclusively by Customer. To the extent that the Work Product, under applicable law, may not be considered works made for hire, Successful Respondent hereby agrees that the Contract effectively transfers, grants, conveys, assigns, and relinquishes exclusively to Customer all right, title, and interest in and to all ownership rights in the Work Product, and all Intellectual Property Rights in the Work Product, without the necessity of any further consideration, and Customer shall be entitled to obtain and hold in its own name all Intellectual Property Rights in and to the Work Product. Successful Respondent acknowledges that Successful Respondent and Customer do not intend Successful Respondent to be a joint author of the Work Product within the meaning of the Copyright Act of 1976. Customer shall have access, during normal business hours (Monday through Friday, 8AM to 5PM) and upon reasonable prior notice to Successful Respondent, to all Successful Respondent materials, premises, and computer files containing the Work Product. Successful Respondent and Customer, as appropriate, will cooperate with one another and execute such other documents as may be reasonably appropriate to achieve the objectives herein. No license or other right is granted hereunder to any Third Party IP, except as may be incorporated in the Work Product by Successful Respondent.

## 5.3 Further Actions

Successful Respondent, upon request and without further consideration, shall perform any acts that may be deemed reasonably necessary or desirable by Customer to evidence more fully the transfer of ownership and/or registration of all Intellectual Property Rights in all Work Product to Customer to the fullest extent possible, including but not limited to the execution, acknowledgement and delivery of such further documents in a form determined by Customer. In the event Customer shall be unable to obtain Successful Respondent's signature due to the dissolution of Successful Respondent or Successful Respondent's unreasonable failure to respond to Customer's repeated requests for such signature on any document reasonably necessary for any purpose set forth in the foregoing sentence, Successful Respondent hereby irrevocably designates and appoints Customer and its duly authorized officers and agents as Successful Respondent's agent and Successful Respondent's attorney-in-fact to act for and in Successful Respondent's behalf and stead to execute and file any such document and to do all other lawfully permitted acts to further any such purpose with the same force and effect as if executed and delivered by Successful Respondent, provided however that no such grant of right to Customer is applicable if Successful Respondent fails to execute any document due to a good faith dispute by Successful Respondent with respect to such document. It is understood that such power is coupled with an interest and is therefore irrevocable. Customer shall have the full and sole power to prosecute such applications and to take all other action concerning the Work Product, and Successful Respondent shall

cooperate, at Customer's sole expense, in the preparation and prosecution of all such applications and in any legal actions and proceedings concerning the Work Product.

#### **5.4 Waiver of Moral Rights**

Successful Respondent hereby irrevocably and forever waives, and agrees never to assert, any Moral Rights in or to the Work Product which Successful Respondent may now have or which may accrue to Successful Respondent's benefit under U.S. or foreign copyright or other laws and any and all other residual rights and benefits which arise under any other applicable law now in force or hereafter enacted. Successful Respondent acknowledges the receipt of equitable compensation for its assignment and waiver of such Moral Rights. The term "Moral Rights" shall mean any and all rights of paternity or integrity of the Work Product and the right to object to any modification, translation or use of the Work Product, and any similar rights existing under the judicial or statutory law of any country in the world or under any treaty, regardless of whether or not such right is denominated or referred to as a moral right.

#### **5.5 Confidentiality**

All documents, information and materials forwarded to Successful Respondent by Customer for use in and preparation of the Work Product shall be deemed the confidential information of Customer, and subject to the license granted by Customer to Successful Respondent under Section [5.8 Successful Respondent License to Use](#). Hereunder, Successful Respondent shall not use, disclose, or permit any person to use or obtain the Work Product, or any portion thereof, in any manner without the prior written approval of Customer.

#### **5.6 Injunctive Relief**

The Contract is intended to protect Customer's proprietary rights pertaining to the Work Product, and the Intellectual Property Rights therein, and any misuse of such rights would cause substantial and irreparable harm to Customer's business. Therefore, Successful Respondent acknowledges and stipulates that a court of competent jurisdiction may immediately enjoin any material breach of the intellectual property, use, and confidentiality provisions of the Contract, upon a request by Customer, without requiring proof of irreparable injury as same should be presumed.

#### **5.7 Return of Materials Pertaining to Work Product**

Upon the request of Customer, but in any event upon termination or expiration of the Contract, or a Statement of Work, Successful Respondent shall surrender to Customer all documents and things pertaining to the Work Product, including but not limited to drafts, memoranda, notes, records, drawings, manuals, computer software, reports, data, and all other documents or materials (and copies of same) generated or developed by Successful Respondent or furnished by Customer to Successful Respondent, including all materials embodying the Work Product, any Customer confidential information, or Intellectual Property Rights in such Work Product, regardless of whether complete or incomplete. This Section is intended to apply to all Work Product as well as to all documents and things furnished to Successful Respondent by Customer or by anyone else that pertain to the Work Product.

## 5.8 Successful Respondent License to Use

Customer hereby grants to Successful Respondent a non-transferable, non-exclusive, royalty-free, fully paid-up license to use any Work Product solely as necessary to provide the services to Customer. Except as provided in this Section, neither Successful Respondent nor any Subcontractor shall have the right to use the Work Product in connection with the provision of services to its other customers without the prior written consent of Customer, which consent may be withheld in Customer's sole discretion.

## 5.9 Third-Party Underlying and Derivative Works

- A. To the extent that any Successful Respondent IP or Third Party IP are embodied or reflected in the Work Product, or are necessary to provide the services, Successful Respondent hereby grants to the Customer, or shall obtain from the applicable third party for Customer's benefit, the irrevocable, perpetual, non-exclusive, worldwide, royalty-free right and license, for Customer's internal business purposes only, to
  - i) use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works based upon such Successful Respondent IP or Third Party IP and any derivative works thereof embodied in or delivered to Customer in conjunction with the Work Product, and
  - ii) authorize others to do any or all of the foregoing. Successful Respondent agrees to notify Customer on delivery of the Work Product or services if such materials include any Third Party IP.
- B. On request, Successful Respondent shall provide Customer with documentation indicating a third party's written approval for Successful Respondent to use any Third Party IP that may be embodied or reflected in the Work Product.

## 5.10 Agreement with Third Party Providers

Successful Respondent agrees that it shall have written agreement(s) that are consistent with the provisions hereof related to Work Product and Intellectual Property Rights with any Third Party Providers, prior to their providing such services or Work Product pursuant to the Contract, and that Successful Respondent shall maintain such written agreements at all times during performance of the Contract, which are sufficient to support all performance and grants of rights by Successful Respondent. Copies of such agreements shall be provided to the Customer promptly upon request.

## 5.11 License to Customer

Successful Respondent grants to Customer, at no additional charge, a world-wide, non-exclusive, perpetual, irrevocable, royalty free right and license, solely for the Customer's internal business purposes, to use, copy, modify, display, perform (by any means), transmit and prepare derivative works of any Successful Respondent IP embodied in or delivered to Customer in conjunction with the Work Product. The foregoing license includes the right to sublicense third parties, solely for the purpose of engaging such third parties to assist or carryout Customer's internal business use of the Work Product. Except for the preceding license, all rights in Successful Respondent IP remain in Successful Respondent.

## 5.12 Successful Respondent Development Rights

To the extent not inconsistent with Customer's rights in the Work Product or as set forth herein, nothing in the Contract shall preclude Successful Respondent from developing for itself, or for others, materials which are competitive with those produced as a result of the services provided hereunder, provided that no Work Product is utilized, and no Intellectual Property Rights of Customer therein are infringed by such competitive materials. To the extent that Successful Respondent wishes to use the Work Product, or acquire licensed rights in certain Intellectual Property Rights of Customer therein in order to offer competitive goods or services to third parties, Successful Respondent and Customer agree to negotiate in good faith regarding an appropriate license and royalty agreement to allow for such.

## 11.2.4 Termination for Cause

### 11.2.4.1 Contract

Either DIR or Successful Respondent may issue a written notice of default to the other upon the occurrence of a material breach of any covenant, certification, representation, warranty, or provision of the Contract, upon the following preconditions: first, the parties must comply with the requirements of Chapter 2260, Texas Government Code in an attempt to resolve a dispute; second, after complying with Chapter 2260, Texas Government Code, and the dispute remains unresolved, then the non-defaulting party shall give the defaulting party thirty (30) calendar days from receipt of notice to cure said default. DIR, Customer, or Successful Respondent may be excused from performance under the Contract or a Purchase Order for any period when performance is prevented as the result of an act of God, strike, war, civil disturbance, epidemic, or court order (each such event, an “Event of Force Majeure”), provided that the party experiencing such Event of Force Majeure has prudently and promptly acted to take any and all steps that are within the party’s control to ensure performance and to shorten the duration or impact of the Event of Force Majeure. The party suffering an Event of Force Majeure shall provide notice of the event to the other parties when commercially reasonable. Subject to this Section, such non-performance shall not be deemed a default or a ground for termination. However, a Customer may terminate a Purchase Order if it is determined by such Customer that Successful Respondent will not be able to deliver services in a timely manner to meet the business needs of such Customer.

## 12 NON-SOLICITATION OF STATE EMPLOYEES

Successful Respondent shall not solicit, directly or indirectly, any employee of DIR who is associated with the Contract for a period of ninety (90) calendar days following the expiration or termination of the Contract. **<END OF APPENDIX A>**

# HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

**NOTE:** Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.284 are:

- **11.2 percent for heavy construction other than building contracts,**
- **21.1 percent for all building construction, including general contractors and operative builders' contracts,**
- **32.9 percent for all special trade construction contracts,**
- **23.7 percent for professional services contracts,**
- **26.0 percent for all other services contracts, and**
- **21.1 percent for commodities contracts.**

**- - Agency Special Instructions/Additional Requirements - -**

*In accordance with 34 TAC §20.285(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent **does not** have a **continuous contract\*** in place for **more than five (5) years** shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.*

Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity they (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. - The respondent must seek approval from the contracting agency prior to making any modifications to its HSP, including the hiring of additional or different subcontractors and the termination of a subcontractor the respondent identified in its HSP. If the HSP is modified without the contracting agency's prior approval, respondent may be subject to any and all enforcement remedies available under the contract or otherwise available by law, up to and including debarment from all state contracting.
- The respondent must, upon request, allow the contracting agency to perform on-site reviews of the company's headquarters and/or work-site where services are being performed and must provide documentation regarding staffing and other resources.

HUB status code “A” signifies that the company is a Texas certified HUB.
- b.** List the **three (3) Texas certified HUBs** you notified regarding the subcontracting opportunity you listed in SECTION B-1. LexisNexis® Phone Finder leverages a database of over 1,500 sources for phone content that includes a proprietary, aggregated database of wireless, unlisted, and listed landlines, gateway providers for additional phone content, Electronic Directory Assistance, and many others. The solution tells our customers whom a phone number belongs to as well as what additional phones numbers might be associated with an identity. When trying to authenticate an individual and/or prevent fraud, gaining a clear understanding of the associations between a phone number, an identity, and the risk with that phone number is a key step in several account opening and management processes. What are the best subjects for a phone number? What are the best phone numbers for a subject? Is there any risk in calling/contacting this person at a given phone number? Phone Finder will deliver relevant, rank-ordered connections between phones and identities. Phone Finder will also assess the risk of the phone number prior to our clients making a phone call to a

client and/or prior to sending an OTP. This risk assessment will look at indicators such as dates of phone association, porting, forwarding, spoofing, high-risk carriers like prepaid/VOIP, OTP velocity and many others. Knowing there may be risk with a phone ahead of time allows our customers to adjust their authentication method to protect themselves and their customers. Phone Finder can help facilitate key authentication activities for high-risk, high-value transactions while helping you strengthen compliance, protect your agency, and improve the customer experience.
