

## Vast data resources and insights at your fingertips

Easily access more accurate and complete information for parties and vehicles in a claim.

LexisNexis® Accurint® for Insurance is a portal solution that aids carriers in their research of parties and vehicles in a claim. It enables carriers to quickly gain access to more complete and accurate data, by leveraging our LexID® unique identifier and patented linking as its primary search technology. Carriers can get a more holistic view of the parties involved in a claim, all while protecting private data.

Accurint® for Insurance draws from 10,000+ data sources, plus proprietary databases, for more complete, accurate and up-to-date information.

In addition to putting actionable information at your adjusters' fingertips, Accurint® for Insurance reduces expenses and improves employee productivity. It drives a better claims process by:

- Enabling faster claims processing through seamless integrations into critical carrier workflows
- Delivering a more holistic view of consumers and businesses by leveraging industry-leading, value-added and public data sources
- Going a level deeper, by searching proprietary LexisNexis Risk Solutions databases, like \*LexisNexis® Carrier Discovery™, and \*LexisNexis® Claims Discovery™
- Achieving accuracy by leveraging proprietary linking capabilities through LexID® our unique identifier that is used in combination with our proprietary linking technology
- Using advanced analytics to drive better decision making and risk analysis
- Streamlining user access with single sign-on capabilities
