

Make confident decisions based on a comprehensive business view

Leverage the power of more than 10,000 data sources and our advanced linking technology.

LexisNexis® Accurint® for Insurance-Comprehensive Business Report uncovers key business information and connects it to people, assets, civil and criminal records, and more - so you can make better business decisions.

When assessing business risk, answers often lead to more questions. For example, you identify a registered agent, then another name surfaces with derogatory information attached. Or a business bears the same address as one that went bankrupt years ago. Conflicting information hampers your ability to make the best decisions regarding risk.

Gain a clearer understanding of the companies you do business with—faster

Accurint® for Insurance-Comprehensive Business Report simplifies the complexities of business research by combining more than 10,000 sources of business, commercial and consumer data with patent-pending linking processes to deliver a detailed picture of a legal business entity.

With this intuitive, easy-to-navigate report, you can gain a clearer understanding of the companies you do business with and complete research faster.
