

LexisNexis® BuyCrash®

Rapid crash report distribution for greater agency efficiency and better service to community members.

Fast and efficient crash report distribution for agencies, 24/7 online convenience for crash victims, plus valuable insights

Make crash reports available online to authorized parties, generate revenue, view crash mapping and dynamic visualizations, and find people and vehicle information to help you fight crimes, like drug and human trafficking.

“ BuyCrash, gives our agency crash mapping and crash analytics and access to People Search, which includes millions of reports, for investigations. Any additional tools I can provide my officers to help them do their job better and safer is an easy “yes” for me. ”

CHIEF GARY THOMANN, PELHAM, MA POLICE DEPARTMENT

Rapid Report Distribution for Greater Efficiency and Better Service

Imagine the following scenarios: a line-up out the door of crash victims waiting to collect printed copies of their reports, a mailbox full of requests from insurance carriers and agency staff searching through paper files so they can make copies and distribute them manually. That's the daily reality for law enforcement agencies still relying on lengthy and inefficient paper-based processes. Fortunately, there's a simple solution.

LexisNexis® BuyCrash® streamlines the distribution of crash reports to authorized parties, reducing agencies' administrative burden while increasing service to citizens by

helping crash victims get resolution faster. It can help agencies drive much needed revenue by supporting fee payments, and it provides robust crash mapping, data and analytics dashboard visualizations and a repository of people and vehicle data.

With BuyCrash®, agencies no longer have to open mail, manually process payments, retrieve reports and mail them. Instead, authorized parties can access crash reports online, fast. The result? A significantly more efficient process for your agency, improved satisfaction for agency staff and greater convenience for the community.

READ THE CASE STUDY

“ In a town like Manhattan, where we have a large population who may only be here for a couple of days, it's not very time-efficient for them to travel back to pick up the report, or for us to make paper copies and send them by mail. With BuyCrash, all I do is make a PDF, redact anything that needs to be taken out and away it goes, popping up in the portal for our community members. ”

CAPTAIN ANDREW MOELLER, KANSAS STATE UNIVERSITY PD

“ I believe that BuyCrash was the best thing for Little Rock Police Department. It allows our staff more time to focus on other duties, rather than being constantly wrapped up at the window or doing mail. If an agency is having issues with long lines or mail not being sent out in a timely manner due to having to deal with accidents by hand, then I would highly suggest looking into getting BuyCrash. It has been a life saver for us. ”

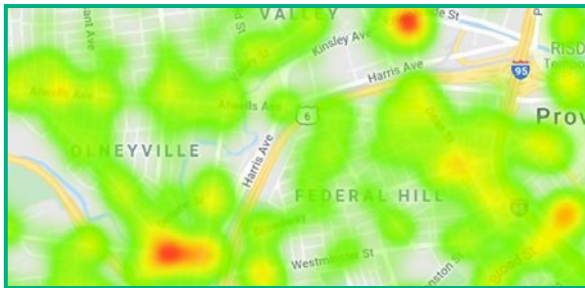

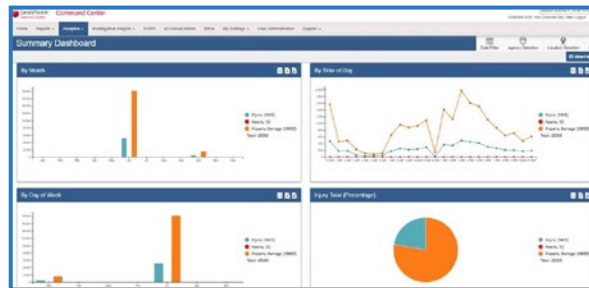

TIFFANY INGRAM, ASSISTANT RECORDS SUPERVISOR, LITTLE ROCK AR POLICE DEPARTMENT

Get More From Your Crash Data

From the LexisNexis® Command Center, a single sign-on enables agency staff to process BuyCrash® report requests and sales, access dynamic crash and citation data, and gain insights about people and vehicles for investigations. Free BuyCrash features include:

DASHBOARDS

- Click legend values to modify charts and graphs
- Download images in PDF or Excel formats
- Gain a “quickview” of data in table form

CRASH MAPPER

- Use street views, satellite views and heat maps
- Add landmarks, etc. to maps
- Filter by date, injury type, crash city location, weekday
- Map crash locations based on longitude and latitude

INVESTIGATIVE INSIGHTS

- Search over 173 million new pieces of data to help you fight crimes like drug and human trafficking
- Access 35,000 crash reports and 62,000 vehicle identification numbers (VINS) added daily to uncover vehicle information, including license plates and VINS, and person data, including phone numbers, addresses and unique relationships found only in the LexisNexis® Coplogic™ Solutions crash report database

“ BuyCrash has been a multi-faceted benefit to our agency. We began using it as an option for customers to obtain their crash reports without having to spend the time, gas and effort to retrieve their reports. It eliminated the wait time at ‘the window’ and freed up time for our employees to work on higher priority items. Even more beneficial, BuyCrash enabled us to eliminate time-intensive mail-in requests. This has improved turnaround time for the insurance company, and it allows us to best utilize our personnel’s time. ”

CAPTAIN GREG DORSETT, KANSAS CITY, KS POLICE DEPARTMENT

Eliminate Mail-in Requests, Generate Revenue and Gain New Insights

Improve report distribution, accessibility and administrative efficiency by distributing reports 24/7 online to authorized parties

Identify traffic hotspots, issues and trends in seconds and improve traffic safety with fast access to free, robust crash mapping and dashboard tools

Help crash victims get resolution fast. Instead of waiting days or even weeks, they can download reports at their convenience

Fuel investigations with free access to Investigative Insights, a national crash report database

Generate revenue through the sale of crash reports to reinvest into agency initiatives that help you better serve your community
