

## Crash Mapper and Dashboards from LexisNexis® Coplogic™ Solutions

Dynamic crash analytics,  
at your fingertips.

Visualize critical traffic-safety  
issues and trends in seconds

### Transform your crash data into a force multiplier

Local police departments complete hundreds, if not thousands, of crash reports filled with critical data about causation, accident location, driver demographics, weather, time of day and more. Crash Mapper and Dashboards, both free features accessible via the LexisNexis® Command Center from LexisNexis® Coplogic™ Solutions, aggregate, analyze and automatically transform that data into a force multiplier that enables agencies to:

- Quickly identify and correct traffic safety issues
- Pinpoint where, when and why accidents happen
- Intelligently deploy patrols based on peak or recurring activity
- Access detailed crash statistics to support federal grant applications or special initiatives
- Provide targeted, near real-time data for neighborhood meetings and Command Staff reviews

# Crash Mapper and Dashboards from LexisNexis® Coplogic™ Solutions

## Available to crash customers, AT NO COST

Crash Mapper and Dashboards, available 24/7 via The Command Center, provide intuitive, easy-to-understand maps and data visualizations. Both are available to all LexisNexis® Coplogic™ Solutions crash customers at no cost.

## How do you sign up? Send us your crash reports

If you're not already enrolled in one of our crash solutions—LexisNexis® eCrash or LexisNexis® BuyCrash™—simply sign up and start submitting your crash reports. These solutions are available at no cost and can provide a powerful source of report revenue\* and the lifesaving insights found in crash report data can help law enforcement agencies better serve and protect their communities.

## Crash Mapper

Switch from street views, satellite views, heat maps and points overlay

- Add landmarks/points of interest to maps

Zoom in and out of maps and hover over specific location for details

- View report image by clicking link

Map based on longitude/latitude in report

- Geocoding used when longitude/latitude not listed

Filter by date, injury type, crash city location, day of week and more

- Includes last 90 days of reports
- Advanced setting available

## Dashboards

View multiple dashboards including Summary, Causation, Teen and Elderly views

- *NOTE: Causation dashboards are not available to agencies that submit paper crash reports*

Modify views and illustrations by simply selecting or deselecting legend values

- Hover over data points for more detail

Download charts and graphs in PDF or Excel formats or choose a “quickview” of data in table format

Build at-a-glance views of mission-critical crash statistics including crash counts and categories including alcohol, weather and more

\*To the extent an agency chooses to charge an agency report fee

**Ready to get started? Contact us today to learn how you can gain access to the Crash Mapper and Dashboards as part of the LexisNexis eCrash or BuyCrash solutions: 877.719.8806 or email [solutionsinquiry@lexisnexisrisk.com](mailto:solutionsinquiry@lexisnexisrisk.com).**

Coplogic™ Solutions

The Crash Mapper and Dashboards, eCrash and BuyCrash services are not provided by “consumer reporting agencies,” as that term is defined in the Fair Credit Reporting Act (15 U.S.C. § 1681, et seq.) (“FCRA”) and does not constitute “consumer reports,” as that term is defined in the FCRA. Accordingly, the Crash Mapper and Dashboards, eCrash and BuyCrash services may not be used in whole or in part as a factor in determining eligibility for credit, insurance, employment or for any other eligibility purpose that would qualify it as a consumer report under the FCRA. Due to the nature of the origin of public record information, the public records and commercially available data sources used in reports may contain errors. Source data is sometimes reported or entered inaccurately, processed poorly or incorrectly, and is generally not free from defect. This product or service aggregates and reports data, as provided by the public records and commercially available datasources, and is not the source of the data, nor is it a comprehensive compilation of the data. Before relying on any data, it should be independently verified. LexisNexis and the Knowledge Burst logo are registered trademarks of RELX Inc.
