

Use the power of accelerated
data verification to make
better decisions

Data verification is key to deliver succinct identity insights to drive smarter decisions.

LexisNexis InstantID combines verification and validation to instantly verify consumer identities and automatically flag discrepancies.

It quickly searches billions of public records, alerting you to potential data mis-keys, fraudulent data and discrepancies, such as:

- Invalid and misused SSNs
- Unverified dates of birth
- Invalid addresses

LexisNexis InstantID is a flexible, configurable solution that allows you to verify consumer information and more seamlessly fit into your existing workflows.

InstantID delivers a more intuitive, easy-to-interpret index that summarizes the level of verification, highlights potential risk indicators and provides additional consumer verification information to strengthen due diligence efforts.

By supporting faster, well-informed customer decisions InstantID creates an efficient route to increased revenue.

Advanced analytics for better identity management

LexisNexis Risk Solutions uses a proprietary linking technology in combination with our own unique identifier, LexID®, to resolve, match and manage information.

This patented linking and clustering method is the machine behind many LexisNexis products that leverage authentication, verification and other identity management capabilities, including LexisNexis InstantID.

More accurate information from reliable resources delivers:

- Mitigated risk exposure
- A seamless digital to offline experience
- Minimized exceptions and discrepancies
- Reduced operating costs
- Accelerate customer verification and account setup processes
- Verification for regulatory compliance requests

LexisNexis InstantID delivers more reliable information critical to help cut processing time and errors that can cost billions.

The InstantID services are not provided by "consumer reporting agencies," as that term is defined in the Fair Credit Reporting Act (15 U.S.C. § 1681, et seq.) ("FCRA") and do not constitute "consumer reports," as that term is defined in the FCRA. Accordingly, the InstantID service may not be used in whole or in part as a factor in determining eligibility for credit, insurance, employment or another purpose in connection with which a consumer report may be used under the FCRA. Due to the nature of the origin of public record information, the public records and commercially available data sources used in reports may contain errors. Source data is sometimes reported or entered inaccurately, processed poorly or incorrectly, and is generally not free from defect. This product or service aggregates and reports data, as provided by the public records and commercially available data sources, and is not the source of the data, nor is it a comprehensive compilation of the data. Before relying on any data, it should be independently verified. LexisNexis and the Knowledge Burst logo are registered trademarks of RELX Inc.
