

Introducing Field Clarity— for the Modernized LexisNexis® Desk Officer Reporting System (DORS)

Every effective decision begins with a clear picture of the facts.

Now available with the modernized LexisNexis® Desk Officer Reporting System (DORS), Field Clarity is an AI-guided, conversational video assistant to help citizens capture accurate information at the scene — where trust and workload pressures meet.

With a convenient citizen experience, better evidence and case building for officers and investigators, your agency can turn clarity into trusted performance for the community you serve.

Working Together
for a **Safer, Smarter Tomorrow™**

The Desk Officer Reporting System and Field Clarity are not provided by "consumer reporting agencies," as that term is defined in the Fair Credit Reporting Act (15 U.S.C. § 1681, et seq.) ("FCRA") and does not constitute "consumer reports," as that term is defined in the FCRA. Accordingly, the Desk Officer Reporting System and Field Clarity may not be used in whole or in part as a factor in determining eligibility for credit, insurance, employment or for any other eligibility purpose that would qualify it as a consumer report under the FCRA. Due to the nature of the origin of public record information, the public records and commercially available data sources used in reports may contain errors. Source data is sometimes reported or entered inaccurately, processed poorly or incorrectly, and is generally not free from defect. This product or service aggregates and reports data, as provided by the public records and commercially available data sources, and is not the source of the data, nor is it a comprehensive compilation of the data. Before relying on any data, it should be independently verified. LexisNexis and the Knowledge Burst logo are registered trademarks of RELX Inc.
