6 Questions You Should Be Asking About Your Compliance Program

Evaluate the effectiveness of key compliance processes with LexisNexis® Professional Services

In 2020, the U.S. Department of the Treasury updated its sanctions list **over 150 times.**

An outdated compliance program opens your business to costly risk, reputational damage and penalties.

Money launderers and corrupt individuals constantly increase the complexity of their financial crime schemes and carefully focus on exploiting weaknesses and gaps in your compliance program

Out-of-date configurations may be less effective than their original counterparts, allowing bad actors to slip through vulnerable defenses

In a dynamic threat environment, stagnant data sets your business up for compliance risks. Inconsistent compliance practices and poor data quality can contribute to missed true matches.

When it comes to regulatory audits, out-of-date compliance documentation can be perceived as negligent and lead to negative operations impacts.

What you don't know may already be damaging your business

These 6 questions you may not be currently answering could open your business to additional compliance risk

Are your compliance officers properly trained?

Are your LexisNexis® Bridger Insight® XG configurations up-to-date?

Are your batch files correctly formatted?

Does your compliance policy reflect recent changes in global regulations?

Are your API integrations optimized?

Are your justification documents up-to-date?

Stay ahead in a changing world of risk with more effective compliance

The Bridger Insight XG services are not provided by "consumer reporting agencies," as that term is defined in the Fair Credit Reporting Act (15 U.S.C. Non FCRA § 1681, et seq.) ("FCRA") and do not constitute "consumer reports," as that term is defined in the FCRA. Accordingly, the Bridger Insight XG may not be used in whole or in part as a factor in determining eligibility for credit, insurance, employment or another eligibility purpose that would qualify it as a consumer report under the FCRA. Due to the nature and origin of public record information, the public records and commercially available data sources used in reports may contain errors.
